

## VL-10 Tax Stamping Machine

**Pre- and post-stamping tax machine, perfect for customers looking for a quick and easy operation.**

The VL-10 is ideal for both pre- and post-stamping operations. Recognized for stamping Regulars, Kings, 100s, 120s, and some promotional packs simultaneously, the VL-10 requires no height adjustments eliminating the hassle of batching sizes. The VL-10 utilizes a proven stamp head with superior stamp quality transfer. The uniquely designed stamp cartridge makes loading stamps easy and fast - ideal for multi-jurisdiction stamping. Simple to train, easy to operate, and requires low maintenance - the VL-10 Tax Stamping Machine is ideal for your operation.
